Hindalco profit jumps 32% in March quarter

Strong margins, volumes in aluminium, copper businesses drive profits

Naman Suri naman.suri@livemint.com NEW DELHI

Hindalco Industries, the flagship company of the Aditya Birla group, on Friday reported a 32% year-on-year (y-o-y) jump in its consolidated net profit to 3,174 crore for the quarter ended March, driven by strong margins and volumes across aluminium and copper businesses.

The base metals major's revenue from operations for the quarter was flat y-o-y at 55,594 crore. Hindalco's earnings before interest, taxes, depreciation, and amortization or Ebitda stood at 77,201 crore for Q4FY24, up 24%, driven by lower input costs and higher volumes.

The demand for copper and aluminium going ahead remains very strong in India, said Satish Pai, managing director, Hindalco Industries.

"I think that we can get to the monsoon where we don't have supply disruptions, so our cost of production is under control and if the commodity prices remain favourable, we should have another good year," Pai said in a statement.

Consolidated net debt to Ebitda stood at 1.21 times as of 31 March 2024 against 1.39 times in the corresponding period a year ago.

"We continue to maintain a strong balance sheet and solid liquidity even after repaying 15,195 crore of debt in Hindalco India business during the year. This positions us well to stay on our growth track and drive our future organic growth plans with prudent capital allocation," he said.

The company has allocated a capital expenditure of 16,000 crore for FY25. "This year we don't have plans to

The company has allocated a capital expenditure of 16,000 crore for FY25.

make repayments... we would rather spend the cash on the growth capex, we have planned - the alumina refinery, copper recycling, and aluminium battery foil," Pai said.

"We are also completing the expansion of the FRP (flat-rolled product) in Lapanga in Odisha, which is to be commissioned in December," he added.

Copper revenue for the quarter rose 20% y-o-y to 3,124 crore. Robust operations and strong sales volumes in the copper business helped the company register a record Ebitda of 77,201 crore, up 30%.

The aluminium upstream business Ebitda stood at 2,709 crore with margins of 32%, supported by higher volumes and cost optimization.

"The copper business has grown to become the 2nd largest in the world for copper rods (excluding China). It achieved

its best-ever performance with sales crossing 600,000 tonnes for the first time, and an all-time high Ebitda for the quarter and the year," added Pai.

During the fourth quarter, the company's cost of raw materials stood at 33,738 crore, down marginally.

The company's IPO-bound overseas subsidiary, Novelis, reported revenue of 33,859 crore, down 6.4% from 36,176 crore a year ago due to lower average aluminium prices. Ebitda per tonne for the subsidiary stood at 8540, up by 25%.

Hindalco said the Novelis Bay Minette, US project is on track and expected to be completed by the second half of the calendar year 2026.

The company's consolidated revenue from operations during the fiscal year 2024 fell 3.24% year-on-year to 55,594 crore, while profit stood at 10,155 crore, up marginally.
